

## THANK-YOU LETTER

For WEBCASE studio

Let me say thank you for creation CARGO-CARDS portal. I am very glad that I chose WEBCASE studio as a contractor.

The portal is large and complex. So the fact you were able to implement all the project functionality confirms the high level of your professionalism. As expected, the phase of testing and fine-tuning the details was the most troublesome. Thanks for keeping patience at that time.

I respect talented, responsible and hardworking people. That's about you :)

I'm sure that with such an attitude to job your team will be a success.

I hope to continue cooperation with the studio in the development of CARGO-CARDS portal.

21.07.2016

Director of CARGO-CARDS portal  
Ales Herasimenka
